

## Dam Safety Program Schedule

In May of 2002, voters within the District approved an ad valorem tax rate of up to 2 cents per \$100 of property valuation. This 2-cent rate currently equates to approximately \$3.7 million in revenue each year.

Given this cash flow, the District plans to upgrade two dams each year for the next eight years. The following diagram charts the progress to date and a two-year outlook for the Dam Safety Program.
